

# Friendship Bracelet Braiding Disc

Step 1 Pattern

**Step 1:** Glue the circle pattern to a piece of cardboard (cereal boxes work great!). Cut out the circle and then cut the 8 small lines spaced around the edge. Use a pencil to poke a hole through the center of the circle.

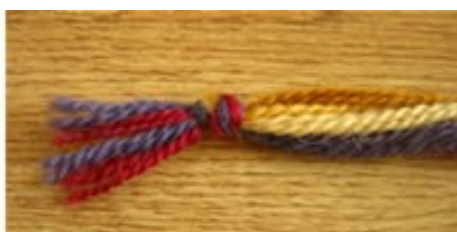

**Step 2:** Measure and cut 7 equal strands of string. Tie a knot at the top to hold them together.

**Step 3:** Poke the knotted end of the string bundle through the hole in the center of the braiding disc.

**Step 4:** Then clip one piece of string into each slot, except the top slot.

Step 2

Step 3

Step 4

Step A

Step B

## How to Use Disc

### Step A:

Hold the disc so that the empty slot is at the top. Un-clip whichever string is in the bottom right slot and clip it in to the top slot.

### Step B:

Now the bottom right slot will be empty. So, rotate the whole disc so that the empty slot is at the top again.

Keep repeating Step A and Step B and watch your bracelet grow!
